ⁱ Part of school life involves photographs being taken by staff, parents and sometimes professional photographers to record the various events that take place in the life of students. They provide an opportunity for students, parents and the school to remember happy times. Such photographs might be used in our Newsletters, Prospectus and/or displayed around the school and on our website. Occasionally pictures and videos of student participative activity are submitted as part of coursework to Examination Boards. Parent's permission will be sought if any photographs are used in any publication not produced by the school.

Parents/Grandparents/Carers are allowed to take appropriate images of their children at school events for personal use only. This means that parents are responsible for the correct and legal use of any images taken at school events. Photographers may be present at offsite venues for trips/events arranged by the school. The capture and use of photographs taken at such events are beyond the control of the school.

Students will often appear in these images which in turn may be used in local or national newspapers or televised news programmes. Names of students will only be passed on when specific individuals are a central part of the news story itself, for instance, they are receiving an award or prize.
